(Special to The Evening World.) BRIGHTON BEACH RACE TRACK, July 7.—The poorest race day of the week at Brighton is Friday because week at Brighton is Friday because there are no stakes and the card on the whole is cheap. To-day was no exception to the rule. The only good race was the handicap and it was no sure thing that there would be enough starters in that event to make it a good race.

The weather was pleasant enough save for a sea fog which rolled in from the ocean every once in a while. The track was fast and attendance good.
